FOR IMMEDIATE RELEASE

**Nocturnal Omissions** is pleased to announce the release of the latest full-length album, *Tempus Destinatum*. This thirteen-track offering explores the musicality of Vallen Daniels, (stage name and formerly DJ Vallen), as he shares his intricate melodies, and unique instrumentation. The fifth album from **Nocturnal Omissions**, *Tempus Destinatum* is proving to be the capitulation of many years of musical wisdom, handwork, and self-exploration. As each track focuses on a main melodic theme, Daniels explores the wondrous and mostly eerie sounds and harmonies in which to phrase new ideas and concepts while always returning back to recapitulation to resolve the cadence.

In the style of EDM, **Nocturnal Omissions** borrow inspiration from Classic Rock, Industrial Rock, Darkwave, Synthpop, Progressive Trance, Psybent, Ambient Rock, Chillwave, Hauntology, Minimal Techno, Synthwave and Post-Rock. However, on *Tempus Destinatum* the focus is on Dysopic, Dark, lo-fi Chillwave with Loft-beats.

As a world traveller, Vallen Daniels has based his operations in New York, San Francisco, Boston, and Seattle as his American cities yet with a previous career travelling he has composed music all over this planet.

During the global pandemic, Nocturnal Omissions has seen a spike in demand for back catalog material. When asked to reflect on his music Vallen Daniels offers; "It's always been about creation, expression as an individual, venting veiled feelings, hopefully growth, and avoiding stagnation which is death." This ability to create moving, inspiring, and challenging pieces of music has secured success tint he instrumental EDM market.
